

## 23. Internationaler Kompositionswettbewerb der Carl von Ossietzky Universität Oldenburg

Stand: 07/25

### Geräteübersicht/*Devices Overview*

#### MIDI-Controller

| Anzahl/ <i>Amount</i> | Name                   | Art/ <i>Type</i>                 |
|-----------------------|------------------------|----------------------------------|
| 4                     | NI Maschine Mikro v2   | MIDI Controller/ Drum Sequencer  |
| 1                     | Arturia Beatstep Pro   | Fortgeschrittener MIDI-Sequencer |
| 4                     | Akai APC 40            | Ableton Controller & Sequencer   |
| 8                     | Diverse MIDI-Keyboards |                                  |
| 4                     | Ableton Push 3         | Ableton Live Controller          |

#### MIDI-fähige Synthesizer

| Anzahl/ <i>Amount</i> | Name             | Art/ <i>Type</i>       |
|-----------------------|------------------|------------------------|
| 3                     | Moog Mother 32   | Semi-modular, monophon |
| 1                     | Moog Minimoog D  | monophon               |
| 1                     | AS Fusebox       | Semi-modular, monophon |
| 1                     | Novation Station | Monophon               |
| 1                     | Roland Juno-106  | Polyphon               |

#### Analogsynthesizer

Korg MS-20 mini  
Korg VC-10 Vocoder  
Korg SQ-10 Sequencer  
Roland Juno-60  
EMS Synthesi AKS

#### MIDI-fähige Drumcomputer

| Anzahl/ <i>Amount</i> | Name              | Art/ <i>Type</i>         |
|-----------------------|-------------------|--------------------------|
| 1                     | Elektron Digitakt | Drumcomputer/Synthesizer |
| 1                     | Behringer RD 8    | Drumcomputer             |
| 1                     | Behringer RD 9    | Drumcomputer             |
| 1                     | Akai MPC One +    | Drumcomputer/Workstation |

#### Software

Ableton Live 12 (Suite)  
Max4Live  
Bitwig Studio 5  
SuperCollider  
Pure Data
