

# Seminar announcement

Find out about  
career paths of marine  
scientists!

What is their current job like?  
How did they get it?  
Which skills do they need?

## Career Insights Online – of ICBM and ZMT Alumni

for young researchers enrolled in PhD programmes at the marine  
graduate schools in Bremen, Bremerhaven & Oldenburg

with: **Dr. Hauke Kegler**

Projektkoordinator (Wissenschaftsmanagement, GIZ-Projekt: **New Digital Technologies for Marine Biodiversity Data Handling in East Africa**), Leibniz Zentrum für Marine Tropenforschung; davor: Projektkoordinator "Green Shipping Niedersachsen"

and **Dr. Siri Hoppenau**

Oldenburgisch-Ostfriesische Wasserverband (OOWV) (Mitarbeiterin Wasserwirtschaftliches Informations- und Wissensmanagement)

**Date & Time:** November 6<sup>th</sup>, 2020 at 14:00 - 15:30

Format: online meeting via BigBlueButton

Language: English

Participants: maximum of 30

Target group: Early career scientists who are interested in broadening their horizon and getting new ideas for their own future career development.

Registration: [ferdinand.esser@uni-oldenburg.de](mailto:ferdinand.esser@uni-oldenburg.de)

The new seminar format "**Career Insights Online**" aims at introducing different career paths of marine scientists in the widest sense and offers the possibility to get in touch with former members of the Marine Graduate Schools in Oldenburg, Bremen and Bremerhaven. It focusses on career paths **outside** of academia and will give insights into job fields in, for example, industry, administration, consulting, non-governmental organisations and journalism. Speakers are asked to talk about their current position, the interdisciplinary skills they achieved during their doctoral phase, the career steps they took, as well as about work-family-life-balance. After a short presentation, participants will have the opportunity to ask questions to the speaker.
