

Seminar announcement

Find out about
career paths of marine &
climate scientists!
What is their current job like?
How did they get it?
Which skills do they need?

Career Insights Online –

for young researchers enrolled in PhD programmes at the Marine
Graduate Schools in Bremen, Bremerhaven, and Oldenburg

with: **Dr. Mara Elena Heinrichs**

After her PhD in Marine Geochemistry and Microbiology, Mara started her career as an environmental consultant at the global sustainability consulting firm ERM in Frankfurt. She is involved in a variety of different projects, particularly the remediation of contaminated sites, helping private sector clients transition to a more sustainable future.

tba

Date & Time: June 7th, 2024 at 14:00 - 15:30

Format: online meeting via Cisco Webex Meetings or Zoom

Language: English

Participants: maximum of 40

Target group: Early career scientists who are interested in broadening their horizon and getting new ideas for their own future career development.

Registration: ferdinand.esser@uol.de

The seminar format "**Career Insights Online**" aims at introducing different job perspectives for marine and climate scientists in the widest sense and offers the possibility to get in touch with former members of the Marine Graduate Schools in Oldenburg, Bremen and Bremerhaven. It focusses on career paths outside of academia and will give insights into job fields in, e. g. industry, (public) administration, consulting, and journalism. Speakers are asked to talk about their current position, the interdisciplinary skills they achieved during their doctorate, the career steps they took, as well as about work-family-life-balance. After a short presentation, participants will have the opportunity to ask questions to the speaker.
