

Find out about  
career paths of marine &  
climate scientists!  
What is their current job like?  
How did they get it?  
Which skills do they need?

## Seminar announcement

### Career Insights Online –

### German Federal Authorities BSH & BAM

for young researchers enrolled in PhD programmes at the Marine  
Graduate Schools in Bremen, Bremerhaven, and Oldenburg

with: **Dr. Marten Fischer**

works at the Federal Maritime and Hydrographic Agency of Germany in a Marine chemistry lab (BSH) in Hamburg

**Dr. Frank Schreiber**

As member of the research staff at the Federal Institute for Materials Research and Testing in Berlin (Bundesanstalt für Materialforschung BAM), Frank is developing his own research program with research on biofilms, single-cell microbiology, and environmental microbiology in the frame of biocide resistance.

**Date & Time:** September 24<sup>th</sup>, 2021 at 14:00 - 15:30

**Format:** online meeting via Cisco Webex Meetings or BigBlueButton

**Language:** English

**Participants:** maximum of 40

**Target group:** Early career scientists who are interested in broadening their horizon and getting new ideas for their own future career development.

**Registration:** [ferdinand.esser@uni-oldenburg.de](mailto:ferdinand.esser@uni-oldenburg.de)

The seminar format "**Career Insights Online**" aims at introducing different job perspectives for marine and climate scientists in the widest sense and offers the possibility to get in touch with former members of the Marine Graduate Schools in Oldenburg, Bremen and Bremerhaven. It focusses on career paths outside of academia and will give insights into job fields in, e. g. industry, (public) administration, consulting, and journalism. Speakers are asked to talk about their current position, the interdisciplinary skills they achieved during their doctorate, the career steps they took, as well as about work-family-life-balance. After a short presentation, participants will have the opportunity to ask questions to the speaker.
