

EcoMol

Die Ökologie der Moleküle
The Ecology of Molecules

Course announcement

Kamingespräch / Fireside chat

**for young researchers, PhD students of the IRTG of the
CRC Roseobacter, EcoMol and of the PhD programme
Environmental Sciences and Biodiversity**

Date & Time: 29. November 2018 17:00 – 19:00

Location: ICBM

Language: English

Registration: ferdinand.esser@uni-oldenburg.de

Referent: **Dr. Maren Zark**

She is a chemist working at the **state office of criminal investigations** (Landeskriminalamt) in Bremen, Germany. In 2012 she started a PhD in the ICBM-MPI Bridging group for Geochemistry at ICBM, Oldenburg within a large interdisciplinary project on the effects of ocean acidification. Her main tasks were mass spectrometric analyses using an ultra high resolution FT-ICR mass spectrometer.

Participants: maximum of 15

A fireside chat is an informal meeting in small groups on a specific topic. The design is intended to ensure personal atmosphere and enable a fruitful dialogue.

If you are interested please send an Email to ferdinand.esser@uni-oldenburg.de.
