

FAQ

Promoting the acquisition of third-party funding by academic staff – Rewarding of additional effort and performance for successful acquiring third-party funding

The FAQ below give an overview of commonly asked questions about the remuneration of additional expenditure and performance in the case of successful third-party funding.

If you have any questions that are not addressed here, feel free to get in touch with the contact person in the Department for Research and Technology Transfer indicated on the [programme website](#).

1. Application

Under what conditions do I receive funding?

- ✓ Funding is awarded for individual DFG proposals as well as for DFG collaborative projects if you have submitted a proposal independently and it has been approved. This applies to individual proposals, e.g. for a grant proposal, but also for DFG joint proposals, e.g. for the acquisition of your own sub-project leader in a special research area.
