

### guide

To facilitate your first steps in our university, the URV International Center has prepared this brochure, which describes step by step in simple words the process that every incoming student must go through.

Among other things, it gives you information about the academic calendar, university life, accommodation and other things.

We hope that the information contained in this guide will help every foreign student to become a student of Universitat Rovira i Virgili.

### **Benvinguts a la URV** Bienvenidos a la URV! Welcome to the URV!

### Welcome

"On behalf of the Rovira i Virgili University (URV), we are glad that you are interested in studying at our university, a modern mediterranean university that is at the service of the dynamic southern regions of Catalonia.

Many years of experience with international cooperation have led us to think about the Lifelong Learning Programme not only in relation to education. We realize that study abroad provides above all academic knowledge, but we are also conscious that real life experiences can be an incentive to study in a foreign country.

At the URV we firmly believe in the harmonious development of society by generating knowledge and training professionals and citizens who defend the values of humanism, public-spiritedness and respect for the environment. We are also highly committed to the process of convergence towards the European Areas of Higher Education and Research, and thus we are glad you have chosen the URV for your mobility experience.

For all these reasons, I hope you enjoy your time at the URV and that we will become good travelling companions."

Josep Anton Ferré Vidal Rector of the University

### About the Universitat Rovira i Virgili

The URV was created in 1991 by the Parliament of Catalonia from the already existing university faculties and schools. In this way the Tarragona University of the 16th century was restored. From the very first day its aim has been very clear: to place knowledge at the service of society so as to contribute to the social and economic development of its environment, which has gradually transformed over time.

Social and cultural changes have opened the doors to a new framework in which our students and future workers are obliged to interact in Europe. At the URV we train professionals under the precepts of European harmonization, a key factor for opening the doors to a world of work without frontiers. And we do so by providing programmes of study in a wide variety of knowledge areas for over 12.000 students.

The data show that the URV is not only one of the leading universities in Catalonia but also one of the leading universities in the European area for the quality of its teaching, its commitment to continuous training and the excellence of its research, development and innovation.

The URV has 12 centres of its own and two associates which between them teach about 50 first- and second-cycle. They also offer postgraduate diplomas, doctorates and masters' degrees. All this is made possible by the work done by the technical and university faculties and schools. They organise the courses and academic, administrative and management processes which ensure that our students receive topquality training. Mention should also be made of the more than 20 departments who design the various courses and are responsible for organising the activities of the teaching and research community.

Another field which is of fundamental importance at our university is research. To achieve a high level of quality in this area, the URV supports research institutes and innovation centres, which, like hospitals, are of key importance for technology transfer.

### Before you come ...

### Application procedure

Once your home university officially informs us that you will be an exchange student at the Universitat Rovira i Virgili within a mobility programme, you will receive an e-mail which will explain you all the application procedure, which you will find on our website:

### http://www.urv.cat/international/movilidad/en\_tramites.html

The application process is on-line and it is compulsory to upload several personal documents to it to complete the process. Once you complete it, we will send it to your academic coordinator in the URV to get your official admission. Students who are accepted will receive our confirmation of admission by e-mail.

If you need to consult our study programmes in order to complete your learning agreement, you should check the list of available subjects for international students, that can be found on our international website:

www.urv.cat/international/movilidad/en\_coordinadores-movilidad.html

The URV can help you to find accommodation during your stay. Before you start looking for accommodation we recommend that you make a provisional reservation at a student residence for your first days in Tarragona, Reus, Vila-Seca or Tortosa.

You can choose from among the following options in Tarragona:

### Sant Jordi Hall of Residence

Located in Tarragona City centre, next to the Plaça Imperial Tàrraco and just a few minutes from the URV campuses the residence can provide you with double and single rooms. It has been recently refurbished and can allocate 175 persons. It also provides a variety of services to make your stay more comfortable. The price depends on how long you wish to stay and the type of bedroom you choose. Information and booking: *stjordi@resa.es* 

For more residences in Tarragona, Reus or Tortosa you can look up the list at: Zffb,!!i i i zgchzLSf! VV! US\_ bgež [XVIeVth[UVt! SULb\_\_ aVSf[a` ZaX[UV

### **Housing Service**

Should students prefer to live in an apartment or share a flat, we advise them to reserve a room in a hotel or guest house for their first days in Tarragona, Reus, Vila-Seca or Tortosa. Here you are some recommendations for exchange students: **Zffb**,**!!i i i žgchžUSf**!**VV!US\_bgež/[VV!US\_bgež/[VV!US\_actor] aVSf[a` ŽaX{UVVV#cS` YV4e**}

Once you have a place to stay for the first days, the Accommodation Office provides you with constantly updated database containing a wide range of accommodation to rent: flats, rooms in houses or bed sits.

Here you are the link to the database here: Zffbe,!!d\Vafq[\$žgchžLSf!ZST[fSfY\WdfgV[S`fe![`Wj/CSžZf\_ ^ Kag i [^TV\d\Vcg[d\V fa VVfVdfZV\Va^ai [`YbSeei adV, TZaag

### Academic coordinators

Because of the importance of arranging your learning agreement correctly, we offer our incoming exchange students the help of the academic coordinators, all of whom are lecturers at the university. Each field of study has a different coordinator who is in charge of your academic supervision while you are studying at the URV. He /she should also check and sign your learning agreement, enrol your learning agreement in the secretary's faculty and certify your qualifications at the end of your mobility.

Coordinators are available to discuss any issue connected with study programmes and faculty administrative problems.

Please check the list of academic coordinators for your field of study: http://www.urv.cat/international/movilidad/en\_coordinadores-movilidad.html

### Language courses for exchange students

For students who do not speak Catalan or Spanish, for those wish to improve their Catalan or Spanish or for those who speak it quite well, the Language Service organises a variety of courses throughout the academic year. We recommend that all exchange students participate in some of the semester-long language courses which are designed specially for them. Students who are on a mobility programme will pay a highly subsidized price for Spanish courses and will receive tuition in beginners' Catalan for free.

At the Language Service you can also learn or perfect your English, French, Italian, and Chinese in courses of various lengths (throughout the academic year or intensively during the summer). There is a variety of groups and levels and as far as possible the times of the courses fit the student's timetable.

To register for a course or get more information you should visit: *http://www.linguistic.urv.cat* or e-mail infosl@urv.cat.

### Visa

Students who are citizens of the European Union or European Economic Area do not need a visa when entering Spain.

Students from non-EU countries are required to possess a visa, a copy of which should be shown in our office upon arrival. It should be issued by a competent domestic authority before your arrival to Spain. If you need an acceptance letter, please write to this address: **mobility@urv.cat**. The type of visa you need will depend on the length of your stay in Spain. A short-term visa entitles you to stay in Spain for up to 3 months; a long term visa for up to one year. Students who have a visa do not need to legalize their stay in Spain.

Information:

http://www.maec.es/en/MenuPpal/Consulares/ServiciosConsulares/ InformacionaExtranjeros/Visados/Paginas/visas2010EN.aspx

## Health Insurance

If you are from a EUcountry, you should get an European Health Insurance Card before you arrive at the URV. This card is a personal and nontransferable document that gives you the right to health benefits while in Spain. It is valid in all the countries of the European Community.

The URV wants to ensure your safety during your stay in our university and wishes to inform all incoming students and all partners universities that anyone planning to participate in a mobility programme at the URV must be in possession of a valid insurance policy covering health care and accidents. If you are unable to prove that you are suitably covered on arrival, you will be informed of an insurance police that you will be able to contract directly by sending an e-mail to: tecnico@erv.es . You will then have to provide proof of having done so at the International Center.

Should you choose to ignore this recommendation, the URV will not be held responsible for any possible liabilities.

## Mentor Programme

We give great value to promote that incoming students get in touch with locals and to help them to get acclimatized to the different cities where our campuses are located. Thus, the URV created the Mentor Programme, with which a group of URV students help their "international buddies" integrate faster.

Many years of experience have shown that foreign students need both the professional advice offered by both the staff of the International Center and the academic coordinators and also friendly hints from Catalan students of the Universitat Rovira i Virgili. Before you take your first steps in the city, we can provide you with a local mentor who can help you with your initial questions.

Please, contact hosting@urv.cat for further information.

## How to get to Tarragona

## By train

The railway station is in the centre of Tarragona. In front of the station there is a bus stop (take line 2 for the Plaça Imperial Tàrraco) and a taxi rank. As well as this station, there is a station for the AVE -the high speed train- about 15 minutes outside the city. The rail system in Tarragona is good and you can travel to many of the surrounding areas by train. The service between Tarragona and Barcelona is excellent (with Regional Express, Catalunya Express and Delta trains). The frequency of trains and the length of the journey can vary but, generally speaking, there is a train every half an hour and it takes about 75 minutes to get to Barcelona.

If you are interested in the timetable, you can find it on the following website: www.renfe.es

#### By car

The A7 motorway links Tarragona to Barcelona and the north of Europe. The trip from Barcelona to Tarragona usually takes about an hour. The C32 motorway links Barcelona and Tarragona, passing through El Vendrell along the Catalan coast.

## By plane

Reus Airport is 4 km from Reus and about 11 km from Tarragona, on the CN420 road. It is conveniently located near the main towns of interest on the Costa Daurada. Reus Airport receives numerous international flights from England, Ireland, Germany, France and other countries. There is a bus link to the centre of Tarragona and Reus. For further information, please visit the following web: www.aena.es/reus or phone the Reus Airport on 0034 / 902 400 500 or 0034 / 977 779 801.

El Prat de Barcelona Airport is about 90 kilometres from Tarragona. The best way to get there is to take a train to Barcelona Sants, and then take another train to El Prat de Barcelona Airport. You can buy the ticket to the airport at the Tarragona railway station and if you buy a return ticket you will be given a 20% discount. There is also a bus link to the airport (for further details, see http://www.itenewebs.com/autocaresplana)

If you need any further information about the airport, contact the information office on the following numbers: 0034 / 932 983 838 or 0034 / 902 404 704

#### **Around Tarragona**

EMT is the company that provides the city of Tarragona with public transport. A fleet of buses connects the city centre with all the outlying areas and educational complexes of the city. There are a range of top-up cards to choose from, with big discounts for the under 25s. Check routes and fares at: emtanemambtu.cat

The ATM is the Regional Mobility Authority of the Tarragona region and it enables travellers to use one card to travel to all the towns and cities in the Tarragona region where URV faculties and schools are located (El Vendrell, Reus, Salou, Vila-seca) From the Central Bus Station in the Plaça Imperial Tàrraco in Tarragona, you can travel to most of the cities in the peninsula.

You will find more information at:

www.atmcamptarragona.cat / www.reustransport.com / www.hife.es / www.alsa.es

The cities also have numerous taxi ranks. Depending on where you are and the time, you will be in easy reach of a taxi. However, we warn you that you will pay a lot of money for it. Even if you need to take a taxi we recommend that you call a taxi by phoning one of the following numbers: 0034 / 977 22 21 22 (Tàrraco Taxis Association) or 0034 / 977 22 14 14 (Tarragona Radio-Taxis Group).

# Once you arrive ...

## Tell the International Center your arrival date

The International Center organizes 4 welcome sessions each beginning of semester in order to host all the exchange students that have recently arrived. Before you arrive, we will send you an e-mail in order that you confirm your attendance.

In the welcome sessions we will provide you the contact of your academic coordinator, your student card and the URV on-line access codes to student e-mail, intranet, Moodle and Wi-Fi.

It is very important that you complete the online application process before the deadline. On the contrary, we can not guarantee to have the on-line services ready for you on time. For deadlines and application procedure info please, check pages 10 and 30 of this guide.

If you are not sure if you will arrive on time to attend one of these welcome sessions please, as soon as you get your date of arrival, inform us of it by e-mail (mobility.in@urv.cat). The International Center will answer your e-mail with a date, time and place for a personal welcome meeting where we will provide you all the documents you need and help you to get acquainted with your new university.

## Certificate of efSk

This document states your date of arrival and will be issued when you arrive at the URV. Either if you attend a welcome sessions or if you come to the International Center directly, you have to submit this document (if your home university already provided it to you) and we will stamp and sign it with your date of arrival. Once it has been signed and stamped we will send a copy by fax or mail to your university.

The International Center will keep this document during your all your exchange period. Before leaving the URV you must come back to the International Center and we will sign and stamp it again with your date of departure and give it to you.

This document is a proof of your mobility period at the URV and you will provably have to submit it in your home university when you will come back home.

## The Universitat Rovira i Virgili offers ...

Students coming within the frame of a bilateral agreement have access to the same services as Catalan students of the Universitat Rovira i Virgili. Below please find a list of some services which may be of interest for you.

## ... something for the mind

## Libraries

If you feel you do not have enough information or if you need to know more and more, there is nothing easier than visiting one of our libraries. The CRAI is the place where all members of the university community can find the resources and support they need for learning, teaching, research, etc. If you need help with documentation, information or the information technologies, this is the place you should visit.

## ... something for the body

#### **Sports**

Students wishing to practice sports can go to EsportsURV. EsportsURV aims to promote physical activity and sport at the university in areas as diverse as tennis, padel, indoor football, pitch and putt, judo, basketball and skiing among others. Sports URV also allows the university community to take part in competitions such as university leagues for indoor football and seven-a-side football and the University Championships.

Every year we offer beginners' courses worth 2 free choice credits in golf, equestrianism, diving, tai-chi, archery, sailing, capoeira and yoga. These courses have both theoretical and practical parts. The classes are led by professionals in the sport and the courses have a total length of 20 hours. You can check the list of beginners' courses offered on the Sports URV web site.

At the same time, the URV has signed agreements with gymnasiums, club, sporting entities and shops among others, who will provide offers and discounts on their services for Sports URV members.

## Òpera Oberta

Òpera Oberta is an educational activity held in the URV's auditorium. Every year six operas are broadcast live from the Gran Teatre del Liceu (Barcelona) and the Teatro Real de Madrid. All the sessions are preceded by a presentation designed to help students understand the opera they are about to hear.
