Privacy statement

Dear former students of the University of Oldenburg,

We'd like to inform you about how your data from this survey will be processed. We'd also like to ask you for your consent to participation in the survey and the associated data processing.

Please read our privacy statement (link) carefully.

☐ I agree to the data processing according to the <https://uol.de/en/lehre/evaluation/interne-evaluation/datenschutzerklaerungen#c407183> " privacy statement

Dear participant,

The survey is intended for all **former students of the University of Oldenburg**, whether you graduated and left the UOL or broke off your studies before graduation. Our main aim is to get an overview of the situation of former students directly after graduation or leaving the university, and also to learn about the reasons for breaking off studies.

Participation is of course voluntary and anonymous. No personal data will be disclosed. If you can't or don't want to answer a particular question or if certain questions don't apply to you, select the option NA (no answer), or simply skip the question. If you'd like to continue answering the survey at a later time, please click on "resume later" and copy or save the link. The survey will take approximately **10 minutes** to complete.

In order to guarantee anonymity, please avoid wording that may enable answers to be traced back to you or others.

If you have any questions on the implementation or content of the survey, please write to: evaluation@uol.de

Thank you very much for your support!

Prof. Dr. Andrea Strübind
(Vice President for Studying and Teaching)

What was the reason you de-registered from the University of Oldenburg?

- ☐ Graduation from a Master's degree programme or state examination programme (graduation and end of studies)
- ☐ Graduation from a Bachelor's degree programme and career start (graduation and end of studies)
- ☐ Graduation from a Bachelor's degree programme and continuation of studies at a different university (graduation and change of university)
- ☐ De-registration from the university without obtaining a degree (studies broken off or paused/exam failed at final attempt)
- ☐ De-registration from the university without gaining a degree and continuation of studies at a different university (change of university)
- ☐ I have not de-registered and am still studying at the University of Oldenburg.
