

CALL FOR PROPOSALS

Funding of projects and events in the context of the cooperation between the Carl von Ossietzky University Oldenburg and the University of Groningen

Preliminary note

In March 2021, the Presidential Boards of both universities adopted the jointly developed "Roadmap for Cooperation 2020 - 2030", which defines the focus areas and key objectives of cooperation for the next ten years of collaboration. They cover various areas of research, study and teaching, as well as regional transfer in the provinces of Groningen, Friesland and Drenthe and in the northwest of the state of Lower Saxony.

In order to accelerate and promote the achievement of these goals, a most broad spectrum of events, projects and initiatives will be fostered. The idea generators and organizers of suitable formats will be supported in their efforts by a project funding of 20,000 euros in total per year. The grants will be taken from the budget of the Vice President for Academic Career Paths, Equal Opportunities and International Affairs.

Promotion principles

1. Funding target:

The funding is intended to support bilateral projects and events that strengthen the cooperative partnership between the universities of Oldenburg and Groningen. In general, all measures that serve to maintain or expand the cooperation are eligible for funding. Funding is available for projects and events that have a content-related connection to the focus areas defined in the "Roadmap". Please find following the list of current spokespersons of the respective focus area as stated in the roadmap.

1. Healthy Ageing for a Healthy Society:
Prof. Dr. Axel Hamprecht, Dr. Adriana Pérez-Fortis
2. German and Dutch Language, Linguistics, History, and Culture:
Prof. Dr. Esther Ruigendijk, Prof. Dr. Andrea Strübind
3. Energy Transition and Climate Adaptation:
Prof. Dr. Sebastian Lehnhoff, Prof. Dr. Bernd Siebenhüner
4. Governance, Law, and Politics for a Sustainable Society:
Prof. Dr. Christine Godt
5. Digital Society and Technologies:
Prof. Dr. Martin Fränzle, Prof. Dr. Jochem Rieger
6. Teacher Training:
Prof. Dr. Martin Butler, Tina Grummel
7. Knowledge Transfer, Entrepreneurship, and Public Engagement:
Dr. Birte Lipinski

2. Persons entitled to apply:

Teachers and researchers belonging to the Carl von Ossietzky Universität Oldenburg are eligible to apply.

3. Requirements:

Funds may be requested by faculty members for the following projects:

- workshops
- summer schools
- innovative event concepts
- preparation of joint project applications for Horizon Europe, Interreg and national or regional funding programs
- short-term research stays for early career researchers

The projects must provide a bilateral orientation, i.e. participation must be equally possible for students and/or researchers/teachers of the Universities of Oldenburg and Groningen. Projects aimed at the non-university public in Oldenburg and Groningen are also eligible for funding. As the aim is to promote cooperation between the two universities, only projects that take place at these universities or at a location in the region between the two university cities will be funded.

4. Amount of funding

The maximum amount of funding for a measure is 4,000 euros, with approximately half of the approved grant being provided by the University of Oldenburg and half by the University of Groningen. As a matter of principle, there is no full funding of a measure; the applicant's own contribution is essential. This can also be provided by personnel. Planned expenses for meals and catering for events must be listed separately, as they can be subsidized either by the University of Groningen or by the University Society Oldenburg (UGO) in Oldenburg. It is important to show where the costs are incurred: Costs incurred in Groningen are only billable there, costs incurred in Oldenburg can only be granted up to a maximum of 300 euros from the UGO grant.

5. Selection criteria

The jury makes the decision on the approval of a funding application with particular consideration of the following criteria:

- Relevance for the achievement of the goals defined in the roadmap as well as for the general internationalization strategies of the two participating universities
- Feasibility
- Innovative character
- Sustainability

6. Application deadline / Application submission

Applications for funding from applicants on the Oldenburg side must be submitted by 31st May or 30th November of the current year.

To submit your application please log into Stud.IP and navigate to “Campus”. There you can find the tab “funding programmes” (<https://elearning.uni-oldenburg.de/plugins.php/fundingplugin/student/overview/index>).

Funding applications from applicants on the Groningen side must be sent by e-mail to Susan Garthaus, Grant Application Manager Groningen (s.garthaus@rug.nl) by May 31 or November 30 of the current year.

In a selection meeting after the end of the respective call period, the selection committee, consisting of the chair Prof. Dr. Katharina Al-Shamery (Vice President for Academic Career Paths, Equal Opportunities and International Affairs) and other members, will decide on the funding applications received. Applicants will be informed of the decision as soon as possible.
