## Workshops

In our workshops on academic working, writing and learning we focus on different phases in the **writing and learning process**.

You can expect a mix of theoretical input, practical exercises, and space for questions and peer-to-peer exchange.

### Workshop

**„First steps into the German university system“**

- **Date:** every fall-winter term
- **Registration:** via Stud.IP

## Writing counselling

We look at your **writing process** together and think about what your next steps might be.

We provide counselling on methods and techniques of academic working and writing both in **German** and **English**.

If you wish, we can provide you with neutral **text feedback** on your writing project.

### Possible requests:

- Planning your writing project
- Methods and techniques
- Start writing
- Structure and a red thread
- Writer's block
- And much more

Registration:  
lernwerkstatt.  
zskb@uol.de

Just a quick question...?

Several times a semester you can ask all your questions on a previously announced topic at our group counselling sessions.

## Peer services

### Writing groups and writing events:

In the writing groups of the ZSKB-Lernwerkstatt you work on your text with like-minded people and exchange ideas, for instance about text excerpts or writing strategies.

- Schreibgruppe | Geistes- und Gesellschaftswissenschaften
- Schreibwerkstatt | Naturwissenschaften, Mathematik und Technik
- Write@Night. Long night of unwritten term papers
- Online writing meeting

Universität Oldenburg/Daniel Schmidt

**Better together!**

# We are looking forward to seeing you!
